

Memorandum

Date: January 25, 2007

To: Honorable Chairman Bruno A. Barreiro and
Members, Board of County Commissioners

Agenda Item No. 8(F)(1)(C)

From: George W. Burgess
County Manager

Subject: Resolution Waiving Formal Bid Procedures and Authorizing Execution
of a Management Agreement with DAC Management Group, LLC
at Stephen P. Clark Center, 111 NW 1 Street, Miami

It is recommended that the Board retroactively waive formal bid procedures pursuant to Section 4.03(D) of the Home Rule Charter and noncompetitive bid waiver provisions of Section 2-8.1(b) of the Code of Miami-Dade County by a two-thirds (2/3) vote of the Board members present, and ratify the County Manager's execution of a Management Agreement between the County and DAC Management Group, LLC (DAC) to operate the Miami-Dade County Employee Fitness Center at the Stephen P. Clark Center, and further authorize the County Manager to exercise all provisions contained therein.

FACILITY: Stephen P. Clark Fitness Center
111 N.W. 1 Street, Miami

OWNER: Miami-Dade County

PROPOSED PROVIDER: DAC Management Group, LLC

COMPANY PRINCIPALS: Gene J. Meehan – Managing Partner
David Weissman – Managing Partner

USE: Miami-Dade County seeks to enter into a management agreement with DAC to operate, maintain and manage the Fitness Center at the Stephen P. Clark Center, which will offer fitness and wellness activities and programs to the employees of Miami-Dade County.

CONTRACT TERM: The management agreement is for a term of one (1) year, with one additional one (1) year renewal option period.

EFFECTIVE DATES: Commencing retroactively upon approval by the Board of County Commissioners for October 16, 2006.

MANAGEMENT FEE: The fee to be paid by Miami-Dade County to the DAC for their professional services is \$150,000 per annum.

To the extent that the Fitness Center generate revenues other than from membership fees – such as, from food and beverage sales; personal training and massage fees; activity fees, clinical services charges, and merchandise sales – the net profit of such additional revenue shall be split equally between the County and DAC.

CANCELLATION: The County has the right to terminate this Agreement for any reason or no reason upon the provision of not less than one hundred twenty (120) days' prior written notice to DAC. The County may terminate this

agreement upon the occurrence of any default by DAC, which remains uncured for a period of thirty (30) days' following written notice from the County to DAC.

BACKGROUND:

The Fitness Center project was approved during the FY05-06 Budget process, and capital funding was allocated at that time for the design and construction of the facility. With the exception of certain specialty trades, the design and construction of the facility was entirely performed in-house by GSA personnel. The design process commenced early in 2006 and construction was completed on-schedule in late September of this year. Exercise equipment was installed October 23, 2006, and the Grand Opening was held November 1, 2006.

This state-of-art facility includes a good mix of cardiovascular units (treadmills, exercise bikes, elliptical cross trainers, and stair-climbers), and all of these units come equipped with LCD TV screens to enable exercisers to monitor their workouts and/or tune in to music or video as workout aids. Strength training will be accomplished via use of free weights and by working out at a series of individual equipment stations that target specific muscle groups. The entire equipment area is laid out with the intent of facilitating the steady, efficient movement of users through their various exercise routines.

The facility contains ample shower and locker facilities for men and women. All facilities, including the lockers, shower rooms, bathrooms, and equipment area meet the accessibility requirements of the Americans with Disabilities Act (ADA).

JUSTIFICATION:

It is in the County's best interest to waive competitive bidding and enter into this Management Agreement with DAC rather than manage and operate the new Employee Fitness Center with County staff due to the time constraints and unexpected operating complexities associated with this facility.

Original plans called for the facility to be operated by the Park and Recreation Department. The Proposed FY2006-2007 Resource Allocation Plan submitted on May 31, 2007 to the Mayor and Board was based upon that assumption, and the Parks Department began the staff recruitment process earlier this summer.

Over the summer, however, as staff began to prepare in a more concrete fashion for the operational opening of the facility, it became increasingly evident that this is a highly-specialized service area that requires a degree of business experience and professional expertise that is not easily achievable through in-house staff, at least not in the short-term. As a result, staff modified its recommendation, from employing County staff, to hiring a private provider to manage the facility. That change was highlighted in the September 7th Manager's

Memorandum to the Board for the first Budget Hearing, which noted the change and deleted the three positions from the proposed Parks budget that were associated with the Center's operation.

In order to properly implement the above recommendation, staff will conduct a competitive Request for Proposals process to identify and select a private provider to manage and operate the County's Fitness Center over the long-term. In the interim, staff has surveyed and identified a well-qualified service provider currently operating in the downtown area that can operate the County's facility until the competitive process is complete.

That service provider, Miami Fitness, is one of this area's premiere public and corporate fitness center operators. Miami Fitness currently operates the Downtown Athletic Club at One Biscayne Tower; Paradise Gym, at 1236 South Dixie Highway (across from the University of Miami); and the Executive Health Club, in the Bank of America Building, at 100 SE 2nd Street. Because of the close proximity of its downtown Miami locations to the Stephen P. Clark Center, Miami Fitness is willing and able to provide management services to the facility for the interim period, during which time staff will be able to complete an open competitive solicitation for a permanent operator.

Staff's negotiations with Miami Fitness have resulted in a cost arrangement that is somewhat less expensive than performing the services internally. In large part, this is due to the personnel cost savings associated with using existing staff resources in its other locations to avoid overtime and provide administrative support and senior operations management. Miami Fitness will operate under the name of DAC Management Group, LLC.

FUNDING:

The funding necessary to operate the Employee Fitness Center has been allocated in the General Services Administration's approved FY06-07 budget.

COMMENTS:

Membership fees for employees who pay on a month-to-month basis, without a contract, will be set at \$15 per month. Employees entering into one-year membership contracts and paying via payroll deduction will receive a discounted rate of \$12 per month. Non-member County employees may use the facility with a \$5 daily fee.
